Index
Volume 16 (1984–1985)

Aalders G. J., van Vroonhoven Th. J. M. V., van der Werken Chr. and Wijffels C. C. S. M.: An exceptional case of pneumothorax—'a new adventure of the K wire', 564
Abdomen, self-inflicted shotgun wounds of, 330
Abdominal girth: an unreliable measure of intra-abdominal bleeding, 85
injuries in children: an analysis of 348 cases, 217
trauma, closed, in a child causing avulsion of the common bile duct and gastric stasis, 235
Absoud E. M.: *see* Ballham A.
Abstracts, 71, 139, 212, 358, 509, 571, 635
Accident Service, who uses it?, 35
Surgery—the life and times of William Gissane, 145
and Emergency Department, the resuscitation of the severely injured in—a medical audit, 249
and emergency content of general surgical workload, 457
Achilles tendon rupture and serum uric acid level, relationship between, 94
Adejuyigbe O.: *see* Adeyemo A. O.
Adeyemo A. O., Arigbabu A. O. and Adejuyigbe O.: Thoracic injuries in road traffic accidents: analysis of 148 cases, 30
Adolescent ankle, triplane fractures of—a report of three cases, 547
Airless paint-gun injuries of the hand: a report of three cases, 91
Al-Khaffaf H. S.: *see* Sharma A. K.
Allardice G. M.: *see* Kohi Y. M.
Allen M. H., Barnes M. R. and Bodiwala G. G.: The effect of seat belt legislation on injuries sustained by car occupants, 471
Allen M. J., Steingold R. F., Kotecha M. and Barnes M.: The importance of the deep volar compartment in crush injuries of the forearm, 273
Allum W. H.: Traumatic ventricular septal defect: a case report, 21
Ameen A. A.: The management of acute craniocerebral injuries caused by missiles: analysis of 110 consecutive penetrating wounds of the brain from Basrah, 88
Ametewee K.: *see* King S. J.
Amputations, multiple traumatic limb, 6
Andersen K.: Dislocation of the superior tibiofibular joint, 494
Andrew T. A. and Thorogood M.: Subtrochanteric fracture after Garden screw fixation: a review of predisposing factors and management in nine cases, 169
Andrews D. L.: *see* Seitz W. H.
Aneurysm, false, pulsatile haemarthrosis of the shoulder joint associated with, of the axillary artery as a late complication of anterior dislocation of the shoulder, 566
Ankle fracture treated with the AO principle—an experience with 116 cases, 265
joint and talus, the inverted Y approach to, 53
joint, fracture-dislocation of: case report of a rare irreducible dislocation, 114
movements, measurement of—a new method, 312
Ankylosing spondylitis, Hangman's fracture in, 483
Anterior dislocation of the shoulder, recurrent, association of, with free-fall parachuting, 15
new sign in, of the hip joint, 51
Antibiotic laden cement tubes, treatment of bone and soft tissue infection, 607
AO principle, ankle fracture treated with—an experience with 116 cases, 265
Arigbabu A. O.: *see* Adeyemo A. O.
Artery damage, axillary, following a closed fracture of the neck of the humerus—a case report, 426
Artery, dorsalis pedis, pseudoaneurysm of, 424
Avascular necrosis, avoidance of, of the femoral head, following fractures of the femoral neck, by early reduction and internal fixation, 437
Ave Atque Vale, 1
Avigad I.: *see* Czerniak A.

Bakalim G.: *see* Bostman O.
